

For Immediate Release:

AGC Construction Technology Day Event to be held at the AMA Conference Center on January 25, 2018

- Top local Design and Construction Firms will present – learn from them!
- Lunch (1:00PM) and Networking Happy Hour (3:00 P.M. – 4:00 P.M.)

LAUREL, MD January 6, 2018 – The AGCofDC (Association of General Contractors, DC Chapter) with RPG Squarefoot Solutions Inc., and Jobsite Tech Group is hosting a Technology Day for area design and construction firms on January 25, 2018 from 11:00 A.M to 4:00 P.M. at the AMA Conference Center, 2345 Crystal Drive, Arlington, VA 22202. This event will feature speakers from regional firms, such as DPR Construction’s BIM Manager Roy Malcolm, who will talk about their BIM (Building Information Modelling) implementation and best practices., and how they utilize new technology on the jobsite. There will be an interactive panel discussion on BIM from general and specialty contractors, and a panel focused on new technology tools on the jobsite such as 3D laser scanners, virtual reality, and mobile BIM kiosks. The AGC Construction Technology Day Event will unravel the hype vs practical aspects of BIM, offer best- practices to incorporate new cost and time saving efficiencies, and give hands on demonstration of new tools that can cut down on expensive labor costs. As the Construction Industry is undergoing such a rapid change, it is important that firms get forthright and practical information that benefits their projects, their firms, and the region.

The AGC Construction Technology Day Event is targeted towards Architectural, Engineering, General and Specialty contractors, or any stakeholders in the Construction industry. Building owners will take away valuable information to revise project deliverables that will increase the value of their building assets now and for future renovations.

Registration for the event is at www.agcofdc.org, select the AGC Construction Technology Day event. Alternatively, you may call 703-673-9344. Registration is \$75 and covers lunch and Happy Hour Networking. Note that you need to be logged into an AGCofdc account, or create an account if registering online. Parking is located at 2345 Crystal Drive. For more details about the event please go to www.agcofdc.org. or call Samantha Bosley at 301-498-3225 x 119.
