Capability Statement

RPG is a SAM Certified, Woman Owned Business.

Core Capabilities

Professional Services

RPG has a highly experienced team of Reality Capture professionals delivering exceptional service with a fast response time, technical expertise and long-term client commitment. Our services include nationwide On-site Data Capture, As-Built Documentation, Training and Consulting.

Equipment Sales, Leasing & Rental

RPG is a premier partner for HP, Leica and Xerox. Our inventory includes new and reconditioned equipment for purchase, lease or rental. For your wide format and office copying needs, our most popular products include HP PageWide, HP DesignJet and Xerox office devices. Our Reality Capture fleet includes Leica BLK360, Leica RTC360, Leica BLK3D and Leica software suite – all of which are part of our construction technology fleet. Installation and training are available for all equipment. Our 3D printers offer rapid and functional prototyping, fully realistic appearance models, and low-volume manufacturing using a full range of proven capabilities.

Maintenance, Service & Supplies

RPG provides on-site repair nationally for your HP, Xerox, Canon and KIP printers, plotters, and copiers. Our service technicians are factory trained and certified. Our Comprehensive Supplies and Service Plans include automatic ordering, shipping, and delivery of your supplies.

Asset Management Services

RPG provides tracking and data monitoring of office and jobsite assets including information technology hardware, tools and heavy equipment. Implement proactive service maintenance, secure data from unauthorized access and track costs by department and project.

Collaboration

RPG's Innovation Hubs are Virtual Collaboration workspaces that enable interactive, gesture-based remote team communications. Extend your Teams or Slack workspace to work with digital engineering and construction models. Create interactive digital signage to engage stakeholders and communicate project status.

Cloud Solutions for Design

Provide secure access to your workstation from office, home, or jobsite. Implement enterprise-class backup and date recovery. Access 24/7 US-based technical support for desktop and line-of-business applications.
